Term 5—16th April—25th May

Term 6—4th June—20th Jul

**No Breakfast Café on 28th March due to the visit to Magna.**

Please ensure your child has had breakfast before bringing them to school!

#### Mr Corns from the Peele School

On Monday we had a special visit from Mr Corns from the Peele School in Long Sutton. He gave an assembly all about having confidence and expressing yourself. Some children were chosen to take part in a drama about being a good friend. Then Mr Corns read poems written by pupils at the Peele which have been published in a book. The children enjoyed taking part in this interactive assembly. We hope to see Mr Corns back again in the near future to develop our links with the Peele School.

#### Science Day

On Tuesday 21st March the children all enjoyed taking part in our Science day. The children took part in four different themed activities and enjoyed the practical, hands on activities. Fire, Air, Water and Earth were the themes and as you can see all of the activities were very practical—even the fire activities (appropriate to the age of the children). These activities will have helped the children to begin to think about the

zones that they will visit next week at Magna Science Adventure Centre as well as developing and extending their scientific knowledge and understanding.

#### Shared Curriculum Morning—Playgroup

On Wednesday this week children from Sutton St James Pre School came to join Wrens class for the morning. The children were accompanied by the staff from the pre school as part of their transition ready for starting school in September. In the classroom the children all had great fun working and playing with Wrens children. They explored both classrooms and all of the facilities that are in them. The children all had a great time and we are looking forward to them visiting again for another shared curriculum morning next term and at the end of the Summer term for their transition days.
