12th May 2016,

Bikeability Level 2 Cycle Training 2016-17
Current Year 4 and 5 Pupils

'Bikeability' is the modern form of Cycling Proficiency updated for the 21st Century. It provides appeal and incentive for children and parents alike to undertake quality cycle training to ride safely and responsibly on modern roads. Cycle training is the vital life-skill required before 'more children cycling, more safely, more often' can become a reality, and all the associated benefits of a new generation of young people cycling can be realised, including better health and less congestion.

This would take place during your child's time in Year 5 or 6 during school time. If you would like your child to take part in this please read the enclosed information, complete and **return the reply slip to school by Friday 20th May** at the latest.

It is essential that children know how to bike safely and this is a great opportunity for them to be trained to do so, helping to ensure their safety on the roads.

Yours sincerely

Miss Claire Willows
Headteacher
