

I enjoyed dressing up as an Oompa Loompa on World Book Day.

Chelsea

LIVING IN AMERICA

I enjoyed all the fun lessons and the trip to the zoo. It was an unforgettable day.

Ben

Herons enjoyed a busy term. They learnt about North America and the ancient civilization of the Mayan people from South America. In Science they learnt about evolution and how fossils are formed. In RE they deepened their understanding of Jewish lifestyles and beliefs. They completed art work based on the colours used by Mayan people and carved images of Mayan gods into clay.

They use World Book Day to develop dialogue writing skills and enjoyed the experience of writing in role as a character.

I have learnt even more facts and skills, but my favourite bit was when we went to Whipsnade Zoo. We saw many animals. For the first time I saw an elephant!

Emma

I enjoyed going to Whipsnade Zoo because it was fun and I liked seeing all the animals. My favourite animal was the sloth bear because it was so cute.

Joseph

World Book Day was really fun because we got to dress up as our favourite characters.

Seth

I enjoyed Science Day because it was an exciting way to find out about different science experiments.

Summer

I enjoyed going to the zoo. We saw all kinds of animals and there was a Red Kite near the Meerkats. We saw African elephants and they use dirt like we use sun cream.

Morgan

I enjoyed learning about Mayan times and their gods. It is interesting to find out about people back in time.

Summer

I enjoyed the Easter Tea. It was fun learning the script and performing it in front of the parents.
