

Owls Class

Last term was packed full of exciting things to do for Owl's Class. Our class topic was 'Fur, Feathers and Fangs'. The term started with a special 'Round the World' day. The hall was transformed into an aeroplane and each classroom represented a different continent. The children came with their suitcases and travelled the world in a day! Later in the term we had a visit from Zoo-Lab who brought in some animals for the children to interact with. We were also visited by African Fusion and the class had the opportunity to play some African music on drums. The school celebrated Chinese New Year with some special activities and the children were able to dress up and be part of a Chinese Dragon parade in the hall. We also had Red Nose Day, Science Day and the school had a special 'Breakfast Week' with a variety of cuisines available for the children to sample. World Book Day gave the children the chance to dress up as their favourite book character and write a story about them. Easter was an extremely popular event with a performance, Easter Egg hunt and Easter Disco to end the term with. Here are some of the children's comments on last term:

- 'The African drumming was terrific.' Lily
- 'I really enjoyed World Book Day because I dressed up as Elsa from Frozen. It was awesome!' Caitlynn
- 'The Easter Egg hunt was amazing because I got an Easter Egg!' Callum
- 'The Disco was lots of fun.' Logan
- 'I loved doing 'Habitats' because I had a chance to show how much I know about horses.' Skye

- 'One of my favourite things in art was doing the 3D habitat picture. I enjoyed all of the sports Coach taught us and the relays and the house competitions.' Emily
- 'I liked doing new things like painting and sketching. I like P.E because it keeps my body healthy. I like spellings because it helps me to spell words. Last term we went to the zoo. It was really good fun at the zoo.' Summer

- 'I like French because you learn a new language. In one lesson we did all of the French Numbers.' Matthew
- 'Maths is amazing because I learn strategies.' Liam
- 'I liked maths because I learnt a lot of new things like the compact method for multiplication. I enjoyed Art last term because we made a giant 3D picture of a habitat.' Alfie
- 'Whipsnade Zoo was my favourite part of last term because of the cheetahs.' Stan

- 'I loved Zoo-Lab so much, I was mind blown by the animals!' Max
- 'I like sketching because you can use your imagination and it inspires you to draw new things. I like Maths because I can challenge myself. I also like the Big Write because I can use my imagination.' Penny
- 'I like swimming because I like to swim. I like Geography because you get to look at the world.' Amy
- 'I like reading in the book corner and the comprehension activities for Guided Reading. I like P.E. because in the Bench Ball tournament my team won!' Harvey
- 'I like Science because you can find things out and make different things. Science has lots of fun activities.' Abigail
