

Owls Class

Last term was a very exciting term for the students in Owl's class. Our topic for the term was 'Sticks and Stones' and the children did a lot of activities that helped them to find out about Stone Age life including making a movie and having a go at painting with sticks. They also got the chance to meet Francis Pryor from the time team who told them all about archaeology. In Science they experimented on the properties of rocks and we made our very own exploding volcano. The class took part in the harvest festival by performing a short story. They were involved in raising money for 'Children in Need' with activities such as 'Spot the Talent' and 'Find the Pudsy'. The children finished the term by watching the pantomime of Cinderella which they all enjoyed immensely. They made and ran games for the Christmas Fair, danced their socks off at the end of term disco and were able to have a Christmas dinner with their families in school. Phew!! Here are some of their comments about the term:

'I enjoyed learning about volcanoes erupting' Logan

'Last term we made a volcano, it was fun watching the baking soda and Kaboom!' Lily

'I really liked football. I really liked the pantomime. I really liked tag rugby.' Joshua

'I liked the amazing pantomime. I liked the man that visited us and showed us some Stone Age tools, the lovely cave-paintings we made, our season calendars, testing rocks in science and making the volcano explode.' Matthew

'I liked the pantomime. I liked the Big Writes we did and the volcanoes we learnt about because the volcano exploded!' Ella T

'Last term, I enjoyed doing the calendars and making cave-paintings. I also enjoyed the pantomime of Cinderella and I loved the making of the Stone Age movie.' Caitlynn

'Last term, I enjoyed going to the pantomime to see Cinderella. I loved doing the Calendars, they were really, really fun. I liked doing tag rugby with Coach.' Abbi

'I liked the pantomime because it was very, very funny and made me laugh!'

'I liked playing football with Coach too...probably because I scored lots of goals.'

'I enjoyed making our Stone Age movie.' Jessica

'I liked everything we did last term!' Max

'I liked making calendars.' Ava

'I have enjoyed the football.' Alfie

'In PSHE, I liked making mini flags. I also liked the pantomime, it was so funny. Making our cave paintings was awesome!' Ella L

'I liked tag rugby and the caveman painting.' Riley

'I liked the caveman paintings that we did with sticks, making calendars, learning about volcanoes in topic, learning lots of French words and testing rocks in Science. I loved the Cinderella pantomime because they sang a lot of Frozen songs.' Bonita

'I liked making calendars, the cave paintings and the pantomime best.' Skye

'I liked tag rugby, cavemen pictures, making calendars and the pantomime. I also liked football, gymnastics, testing rocks and making little flags.' Callum

'I liked Geography when we were learning about volcanoes. I liked Art when we were making calendars. I liked guided reading because I moved up a group.' Harvey
