

Wrens Spring Term 2015

This term has been jam packed full of learning , activities and excitement. The children have all been working hard and have extended their learning and developed their skills. They've been busy investigating and exploring, adding and subtracting, measuring , constructing and creating! We've extended our sentences and learnt how to use adjectives, connectives and simple punctuation. We've flown around the World, played African drums and taken part in the Chinese New Year Dragon dance. We've dressed up as characters from our favourite book and worn our pyjamas to school for Red Nose Day. We've been on 2 visits and performed for our parents at the Easter Tea. A busy term!

Winter!

We loved the snow!
We dressed up warm
and had a snowman
competition in the

outside area and had fun throwing snow-
balls at Mrs Horsfield and Mrs Pentney!

Food ,Glorious Food

Term 3 saw us finding out about
keeping healthy and lots of
different types of food and how
and where they are grown. We

made gingerbread men and porridge. We loved
playing with the oats and chanting the refrain—
"Cook little pot ,cook !" We visited Tescos in

Holbeach to see what happens to food
when it comes into the
store and had lots of fun
trying new foods. Can
you guess which de-
partment was our fa-
vourite?

World Book Day!

Once Upon a time!

In Term 4 we read lots of different traditional stories
and used lots of story language in our writing. We

found out about good and bad characters and changed the settings.

We had great fun acting out the stories. We built bridges for the
Goat Gruffs, castles for the Giant and houses for the 3 Little Pigs.

We went outside and measured beanstalks, counted the giants
money and had a treasure hunt for his golden eggs! We com-
pared materials to find which was the strongest and planted
beans to see how they grew.

Billy

Easter Tea

The term finally ended with our Easter Tea
for all the Mums and Dads. We loved singing
and dancing—"Chicken, I'm a chicken, I'm a
real Spring chicken!"
